SCW

SCW Overview

Security Technology for Smarter Operations

End-to-end security solutions that benefit every aspect of your company, agency. or non-profit.

ABOUT SCW

Trusted by thousands of companies all over the world. We are your single-source provider for commercial-grade security systems backed by real experts. You will find everything you need for a complete surveillance system:

Best In-class Surveillance Hardware

- ✔ Bullet Cameras
- ✔ Dome Cameras
- ✔ Panoramic Cameras
- ✔ PTZ Cameras
- ✔ AI Cameras
- ✔ NVRs
- ✔ Decoders
- ✔ Networking, Tools & Accessories

Access Control Systems

- ✔ Smart Readers
- ✔ Door Controllers
- ✔ Hands-free entry

Expert Services

- ✔ Free System Design Services
- ✔ Installation Services
- ✔ Remote Guarding
- ✔ Service contracts
- ✔ In-Person Training

Viewing Software

- ✔ Desktop VMS
- ✔ Mobile VMS

1
Love the Customer

We treat every interaction as a chance to exceed expectations. Our team is empowered to solve problems, advocate for fair solutions, and fight for what's right - even when it costs us more.

2
Love the Team

SCW is committed to building our workplace environment on mutual respect, shared humanity, and work that we can all be proud of. We work hard in small, close-knit teams.

3
Be Here in 200 Years

SCW is privately held, debt-free, and not chasing an exit. We're building for the long haul - investing in our people, our platform, and our ability to serve generations of customers to come.

Still proudly headquartered in Asheville, NC, we design, install, and support enterprise-grade surveillance and access control systems across the country, And yes - when you call, a real human based in the U.S. still picks up the phone.

WHY SCW

Scalable, commercial grade products paired with the best support in the industry

When it comes to protecting your organization, people, and property - experience matters. SCW brings more than a decade of proven performance, designing and supporting security systems for organizations across industries - from small businesses to Fortune 100 enterprises.

Real Commercial Security Expertise

Our team includes certified security professionals, technical consultants, and system designers who help you choose the right equipment, configure it correctly, and future-proof your investment. Whether you need a fully custom build or expert help optimizing an existing system, we've got the depth to guide you.

Built for Reliability

We offer NDAA-compliant, commercial-grade hardware that's trusted in critical environments—from defense and education to logistics and retail.

Trusted Support for the Long Haul

We're proud to be known not just for our products, but for the people behind them. Our U.S.-based support team is here for you at every step - before, during, and long after the sale.

Why Thousands Of Organizations Choose SCW

- Nationwide design, installation, and monitoring services
- 10,000+ systems deployed across the U.S.
- Clients in government, healthcare, education, retail, and more
- Consistently rated for outstanding service and support
- Lifetime U.S.-based technical assistance

SCW 24 Port PoE Switch with Extended Transmission

SCW 16 Port PoE Switch with Extended Transmission

Standard Smart Reader

Flush-mountable, single gang box compatible, comes in black or white

Mullion Smart Reader

Compact design for door frames and tight spaces, ideal for surface mounting

Single Door Controller

PoE/PoE+ controller with support for two readers and configurable wet/dry relays

12/24V 8-Door Smart Hub

PoE/PoE+ controller with support for two readers and configurable wet/dry relays

12/24V 4-Door Smart Hub

Supports four readers with configurable inputs, full supervision, and locking hardware power

24V 4-Door Smart Hub

Supports four readers with configurable inputs, full supervision, and locking hardware power

24V Door Smart Hub

Supports four readers with configurable inputs, full supervision, and locking hardware power

12V Smart Hub

Supports four readers with configurable inputs, full supervision, and locking hardware power

12/24V Smart Hub

Supports four readers with configurable inputs, full supervision, and locking hardware power

Commercial Security Installation Services

National-Scale Installation | NDAA-Compliant Systems | Lifetime Support
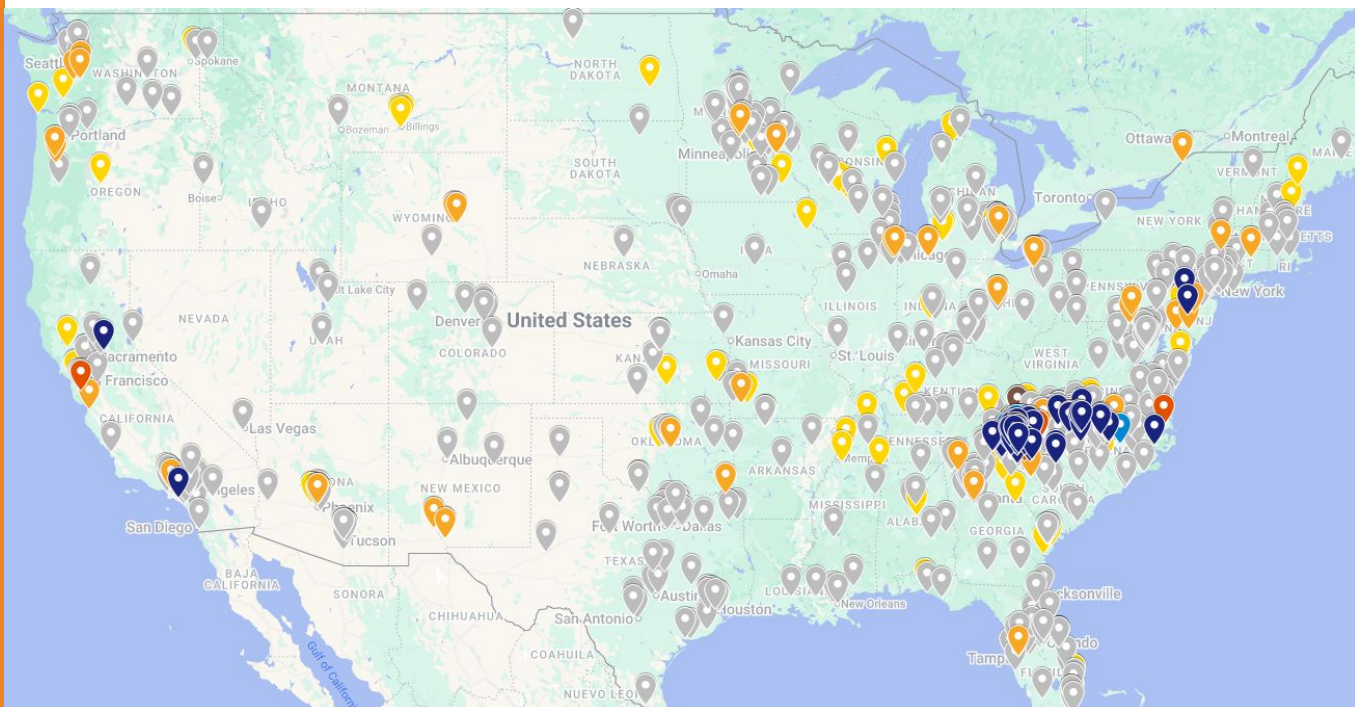

End-to-End Installation for Smarter, Safer Operations

Whether you're upgrading existing infrastructure or building from the ground up, our nationwide installation services are designed to meet the unique needs of commercial spaces, campuses, and multi-site enterprises.

IP Camera System Installation	Access Control Installation	Structured Cabling & Low Voltage Wiring

Free Security Floorplan Design Services

Secure Your Premises with Expert Designed Surveillance

Planning a security system can be overwhelming. How many cameras do you need? What types and where should they be placed? Our design professionals are here to take the guesswork out of the process.

Whether you're building new, upgrading outdated systems, or expanding across multiple sites, getting security right starts with the right layout. Our free system design service maps cameras, access points, and cabling routes to your exact floorplan - ensuring total coverage, zero blind spots, and seamless performance.

CASE STUDIES

We've helped some incredible organizations secure their assets, protect their people, and optimize their operations.

Richmond County School District

Boosted visibility and reduced incidents across 16 campuses with upgraded resolution.

Wayne Farms

Overhauled security at 4 major facilities with full system design and professional install.

KO Storage

Unified their security platform to streamline access for both on-site teams and corporate management.

Del Norte County School District

Modernized cameras and implemented dual-retention backup across 12 campuses.

AFG Distribution

Used SCW during new distribution center construction for interior coverage, exterior access control, and a gate communication system.

Sunderstorm

Needed a unified platform, high-quality equipment, and expert installation when expanding to a second 15,000 sq. ft. facility.

Falcon Manufacturing

Worked with SCW to address blind spots in their 100,000 sq. ft. facility and improve device reliability.

Woodgrain

COVID-related spike in lumber prices led to increased crime, prompting them to seek SCW's help.

Seamen's Bank

Upgraded from analog cameras to a modern, digital platform that unified security across multiple locations.

Parker's Kitchen

Standardized locations on one seamless platform, helping speed up expansion and improve loss prevention.

Parkway Ford

Reduced vandalism, lowered liability risk, managed employees, and reduced vehicle theft with SCW's help.

Emery Air

Chose SCW for an NDAA-compliant solution to live view cargo warehouse, logistics, and flight schools.
